Regardless of Industry, or type of transformation your company experiences, Nakisa Hanelly is the HR tool of today, built on the HR Tech of tomorrow.

### 5 Reasons You'll Love Hanelly:

- ✓ Specifically designed for enterprise level companies
- ✓ Fully cloud based solution so you can access everything, anytime, anywhere
- ✓ Save time through creation of multiple org design scenarios to view outcomes and business impact immediately
- ✓ Share accurate data instantly using a single, secure source of information with flexible user-based permissions
- ✓ Years of best practice experience distilled into the standard solution

### Top 5 Features HRBP's love:

Export current/proposed org structure to PowerPoint, then dynamically edit in PowerPoint

Filter your org chart by HR-relevant criteria

Audit and track the changes proposed in your re-org

Bi-directional integration ensuring access to real-time structures

Show different org structure views including dotted-lines and matrix structures
